Spark Ventures is a Chicago based non-profit that invests in sustainable solutions that empower communities around the world. A trip to Zambia in 2006 started a partnership and an idea that has grown into what Spark Ventures is today. Our impact now reaches 4 organizations in 4 different countries: Hope Community School in Zambia, Las Tias in Nicaragua, Entreamigos in Mexico and We Grow Chicago in the United States! Through these partnerships, we support comprehensive programming in education, nutrition, healthcare, job creation, business development, and environmental stewardship. As Spark Ventures grows, we continue to invest in our partners as they foster equitable communities where individuals can achieve their full potential.
