OUR COMMITMENT | SPARK VENTURES + LAS TIAS

Spark Ventures, provides funding and strategic support to:

- Continue programs that serve over 150 youth annually.
- Las Tias’ meal program, which provides children with healthy meals each day, some of which who might not get one otherwise.
- The salaries of on-site social workers who support the mental health of children coming from unstable homes or those with a history of child abuse.

WHY CAN’T I BOOK MY VISIT NOW?

Due to political turmoil, we are currently suspending all trips to Nicaragua. We are in regular communication with Las Tias and others on the ground and we hope the country’s social unrest will ease quickly and peacefully both for the people of Nicaragua and so that we can continue to introduce travelers to the incredible Las Tias community.

Please reach out if you’d like to be notified once these journeys are back on the calendar.
